

THE NEXT GENERATION OF FIREFIGHTER APPLICANT TESTING IS HERE...

WE BRING THE QUALIFIED CANDIDATES TO YOUR AGENCY WITH
THE NATIONAL FIRE SELECT TEST.

YOUR AGENCY GETS FREE ACCESS TO A BROADER BASE OF
QUALIFIED AND DIVERSE APPLICANTS FROM ACROSS THE U.S.

FPSI wants to ensure that applicants from all backgrounds have the opportunity to compete in the testing process, so we are inviting applicants from across the country to qualify with our validated entry-level firefighter test in hopes of helping fire departments, who are often limited in their recruitment efforts, to obtain a more diverse applicant pool.

We're taking firefighter testing
directly to the applicants - online

THE BENEFITS

Greater Diversity

You will be able to bring the most qualified applicants from other areas across the United States directly to your department.

We can identify qualified applicants from diversified communities who have been pre-screened and provide you with various qualification and certification information.

Cost Savings

There is no charge to access the National Fire Select Test list!

You have two options:

(1) Your department can accept the scores and re-test the applicants using our short-form confirmatory test to ensure applicant identity.

(2) Take the top applicants and retest them using your own department's written tests.

Applicants across the U.S. and Canada will continually test, which allows us to bring fresh applicants to the top of the list.

Would your department be willing to consider applicants that are tested by FPSI, with FPSI tests, for possible employment opportunities?

Complete the agreement form and we will inform applicants that your department is interested in access to the National Fire Select Test database. In return, we will provide you with regular list updates of qualified, pre-screened applicants at no charge to you or your agency.

Your agency can benefit if you sign up to participate in the NFST program today:

1. Your agency will receive a FREE list of applicants who have passed the NFST including: Contact information, Certifications, Training/ Experience, etc. This list will be sent via e-mail and will be regularly updated with new applicants! Your initial list and all subsequent lists will be FREE to your agency.
2. Your agency will have access to a *more diverse* applicant pool to use in recruiting.
3. Your agency *may* elect to contact the applicants FOR FREE and invite them to participate in your next recruitment process.
4. Your agency *may* elect to consider the NFST scores as an initial screening tool, thus saving recruitment dollars by testing only those who meet the *minimum competency level* required to be a firefighter.

OUR BACKGROUND - FPSI & TESTING

Fire & Police Selection, Inc. (FPSI) has tested millions of firefighter applicants across the United States, from numerous departments, and has received remarkable feedback on overall applicant quality.

We offer a wide variety of tests measuring reading ability, mathematical reasoning, writing abilities, map reading, mechanical aptitudes, human relation skills, verbal communication, and physical abilities.

Teamed with Biddle Consulting Group, Inc., a company with over 35 years of experience in fire and police testing and currently the top EEO consulting firm in the United States, FPSI is positioned as a unique leader in personnel testing. FPSI is known in the industry for quality defensible tests and has never lost an audit/case on any product, even after several challenges.
